In January of this year Mrs. Angie Lambert presented the library with a membership certificate and one year's subscription to the American Forestry Magazine, which will prove good reference for all persons interested in nature study as taken up in this magazine.

Miss Cooke of Sandwich, Mass., has not forgotten us, but continued to send the *Geographic Magazine*, and *World's Work*. Mr. Charles Dimick and the "Washburn

Family" have kindly furnished copies of the *Outlook* to date. Other friends have contributed magazines, papers, etc., from time to time.

Through the kind remembrance of Mrs. Sarah Hewes Baker, who died in 1916, the Town Library has received a gift of \$50.00. During the past year a Webster's International Dictionary with standard and an atlas have been purchased. Through permission of trustees a handsome wall clock has been purchased with some of the money accumulated by "book fines" during the year. It will surely prove a welcome face in the library and be appreciated by all who frequent the room.

## REPORT OF SCHOOL BOARD

During the past year we have found our duties many and varied.

We have confined our efforts chiefly to the executive part of the work. We have found it practically impossible to do much in the way of supervision.

The need of some form of supervision is apparent, and we believe this is necessary if our schools are to reach their highest efficiency.

We have placed good character as the first requirement in a teacher and as far as possible have secured those having special training and experience.

In most cases we have found them giving excellent satisfaction.

There have been thirty-two weeks of schooling the past year, an increase of four weeks over the year previous.

We are glad to notice an increase in the number of visitors, for this indicates a greater interest on the part of parents and others in the schools.

We believe it the duty of each parent to visit the school, get acquainted with the teacher and know what is being done.

If there is cause for complaint the school board appreciates a frank, straightforward statement of the complaint, so that the cause may be remedied as far as possible.

Considerable has been done in the way of putting the equipment in better shape. The most important items are as follows: One side of the school building at the Center has been shingled. The King school house has been shingled on one side, the chimney rebuilt, and the underpinning repaired.

Three schoolyards have been fenced. Some painting needs to be done and several minor repairs made in order to place the equipment in first class condition.

We are pleased to find so many children on the Roll of Honor and we give them special recognition by printing their names in our report.

We desire to extend our heartiest thanks to all those who have stood by us in the performance of our duties, and helped to make the year a successful one.
